

## MILITIA IN PANA.

One Light Battery and Two Companies of Soldiers Now Occupy the Place.

### MARTIAL LAW HAS BEEN DECLARED.

Three Hundred Striking Miners Hold Up a Train Conveying Negroes to Take Their Places.

They Were Taken From the Cars and Sent Back to Indiana at the Expense of the Miners' Union—Miners All Armed and Masked.

TOWER HILL, Ill., Oct. 1.—Three hundred striking union miners from Pana Friday held up a special Baltimore & Ohio Southwestern train conveying 50 Washington, Ind., Negro miners to Pana to take the place of union miners. The Negroes were taken from the cars and compelled to walk back to Tower Hill, where they were locked in the depot until 10 o'clock Friday night. At that hour the Negroes were placed on board an eastbound train and taken back to Indiana at the expense of the Miners' union.

The hold-up of the train was perfectly executed and was a bold stroke on the part of the union miners. Engineer George Worsham, of Pana, was in charge of the train, and on being flagged brought the train to a stop. The miners were all armed and masked. The engine was uncoupled from the coaches and run a short distance, the engine men being kept under guard of guns. Masked men then entered the front doors of the train while their associates surrounded the coaches. The Negroes were then marched out back doors and walked down the track to Tower Hill. News of the capture of the blacks having reached Sheriff Coburn at Pana, he sent an armed posse of deputies, including Negroes from Springfield side camp, towards this town to intercept the miners on their return. Sheriff Coburn's force had not arrived at a late hour. In case they fail to appear, the miners will remain here over night and take a roundabout way home. It is believed that a battle will be precipitated if the Coburn forces show up in this vicinity. The sheriff of this county refused to interfere with the union men.

PANA, Ill., Oct. 1.—Light Battery B, of Galesburg, arrived on a special train from Springfield Friday afternoon. The battery consists of two Gatling guns and 68 men with side arms and Springfield rifles in charge of Capt. Craig. Two camps of the Sons of Veterans from Aurora and Elgin, in command of Col. Hamilton, arrived Friday evening. They were equipped with guns at Springfield and mustered in as national guards.

Gov. Tanner's instructions to the troops before their departure from Springfield were to arrest all persons carrying arms, and hold such arms until further orders; protect citizens and their property, and maintain order, but lend no assistance to operators in operating their mines with imported labor.

The militia were in full charge of the city Friday night and are patrolling the business streets. The utmost quiet prevails.

SPRINGFIELD, Ill., Oct. 1.—Gov. Tanner conversed with Sheriff Coburn over the telephone Friday night and instructed the sheriff to withdraw his deputies at the mines there and turn the command over to Capt. Craig, who has now declared martial law in Pana. Capt. Craig will at once carry out Gov. Tanner's orders to disarm all those carrying weapons.

### BAYARD'S REMAINS.

They Arrive at Wilmington and Were Taken to the Old Swedes Church, There to Remain Until Burial.

WILMINGTON, Del., Oct. 1.—The train bearing the body of Thomas F. Bayard reached this city at 8:35 o'clock Friday night. A crowd of 1,500 persons were at the Pennsylvania railway station when the train pulled in.

Mr. Bayard's remains were at once taken to Old Swedes church, where the casket will remain until the services Saturday afternoon. Rev. Dr. G. W. Douglas, of Tuxedo Park, N. J., will officiate.

The following have been selected as pallbearers: Grover Cleveland; John V. Craven, Thomas Craven, Salem, N. J.; Gov. Ebe Tunnell; Chancellor John B. Nicholson, Judge I. C. Grubb, Dr. J. A. Draper and Henry G. Banning, of Wilmington; Henry W. Bryan, of Washington, and George L. River, of New York.

## FORESTS ON FIRE.

The Timber Domain of Colorado Being Devastated at a Rapid Rate.

### NOTHING BUT A RAIN WILL STAY IT.

Settlers of Upper Gypsum, Gannon and Collins Are Fighting Fire to Save Their Homes.

The Fires Are Now Nearly Three Hundred Miles in Circumference With Glenwood for a Center—Mountain Ranges All Ablaze.

DENVER, Col., Oct. 1.—The weather man can afford no hope for those on the western slope whose homes and crops are threatened by the forest fires. There are no indications whatever of rain, and this seems to be the only element able to stay the flames' fury.

Throughout Eagle county high winds have prevailed, giving a fresh impetus to the forest fires that are devastating the timber domain.

In consequence new territory is being devoured. The blaze is rapidly extending along the grand reserves of Girard mountain, west of Homestake creek, and from present appearances will sweep the country to Bear mountain at Minturn.

Back of Minturn to the heads of Willow and Two Elk the country is devastated, little remaining to feed the flames. From Hoosier mountain the wind has driven the fire to the edge of

tion of the timber by the destroying element.

J. S. Swan, game commissioner, states there is no doubt the fires are caused by carelessness of campers and people generally during a season of exceptional dryness.

Col. W. T. S. May, chief United States forester, has gone to the west slope to inspect the country under government control where fires are burning.

### SWORN IN.

Hon. John Hay Takes the Oath and Takes His Place in the Cabinet as Secretary of State.

WASHINGTON, Oct. 1.—Col. Hay was sworn in as secretary of state at the white house shortly after 11 o'clock Friday morning. Justice Harlan, of the United States supreme court, administered the oath of office. The ceremony was performed in the presence of President McKinley, Secretaries Smith and Wilson and Attorney General Griggs. Hay at once took his place at the cabinet table, and in a few minutes the regular Friday cabinet meeting was in progress.

## NEW COAST-DEFENSE MONITOR.

DIAGRAM SHOWING DECK PLAN OF THE NEW MONITORS.

Gypsum creek. The settlers of Upper Gypsum, Gannon, Collins and others are fighting desperately to save their homes and stop its passage across into the magnificent forests of West Bush. If it gets into Brush the finest body of timber in the state is gone. No loss of life has been reported, but several people have lost their homes and their crops.

All the game is leaving the country, escaping the smoke and heat of the blazing woods.

Dispatches received here say that Wheeler's peak, between North and Middle park, is now a mass of flames, and it is greatly feared that they will extend to both of those beautiful camping grounds. The fire has already cut a swath 35 miles long, from the Grand river almost to Dillon, in Summit county. The width is as yet unknown. Kremmlin, in Grand county, has had a narrow escape, and the danger is not yet entirely over.

The fires in the vicinity of Ouray are not as bad as for several days previous but the smoldering embers may be fanned into an awful conflagration by the slightest wind.

The fires around Aspen are working down the mountain side toward town, although they are not burning with the force they have been.

Battlement government reserve, bounded by the Grand river on the north, Roaring Fork on the east and the Gunnison on the west, is a mass of flame. This reserve runs through the counties of Garfield, Delta and Mesa.

The big White river government reserve, starting in Garfield county and extending through the Routt and Rio Blanco, is also on fire.

Reliable reports show that the fires are now nearly three hundred miles in circumference with Glenwood for a center, and practically every mountain range with timber is ablaze.

The only cessation of the fire that is reported comes from Cottonwood and Four Mile creeks, where the flames have consumed everything that will burn on the mountain sides.

On the south side of the Rio Grande, from Minturn to Glenwood, the railroad men report a steady blaze of fire plainly visible from the smaller valleys. Many ranches have been abandoned.

There appears to be no hope of a cessation of the conflagration except by a very heavy rain or the demolition

of the timber by the destroying element. He was alone and had scarcely entered the bush road when he was confronted by the cyclist, who declared: "Now, I've got you," and fired point blank at the form. Then the assassin rode speedily away. The bullet struck Henney in the abdomen inflicting a wound from which he died in a few hours.
